“Zero Discrimination Day History” is observed in USA on March 1, 2022

Zero Discrimination Day aims to celebrate individuality, inclusion and human rights while promoting tolerance, compassion and peace. Zero Discrimination Day aims to celebrate individuality, inclusion and, human rights. It also aims to promote tolerance, compassion, and peace.

Discrimination refers to the selective practice of unfairly treating a person or a group of people differently than others due to factors such as religion, gender, race, sexuality, age, or disability. Despite laws and education, discrimination continues to be a wide-spread problem throughout the world and other global organizations officially celebrated the day in an effort to promote everyone’s right to live a full life with dignity regardless of age, gender, sexuality, nationality, ethnicity, skin color, height, weight, profession, education, and beliefs.

For information on First Steps Pistol class contact Jerry Pownall at jdpownall@embarqmail.com or at Training.
The annual Five Man Skeet Fun Shoot will be hosted by the Conservation Park in Richmond on 6 March. Last year’s shoot was cancelled, but RRPC has entered teams in the past and all agreed we had a ball.

Each team is made up of 5 members from the club. Each of the members must shoot a different gauge: one .410 bore, one 28 ga, one 20ga and one 12ga, with the 5th member shooting their choice. So there may be 2 members shooting 12 ga or 20 ga which is what usually happens. Each team must provide a referee for another team.

There are two shooting times, one at 10:30 AM and one at 1:00 PM. An attempt is made to give each team choice of shooting time, but there must be an even number to have enough referees. A noon lunch is served and is included, but additional donations for lunch are accepted. The fee is $25.00 per shooter which makes it $125.00 per team.

No money is made on this shoot by the host club. All fees are returned to shooters or used to purchase shooting supplies from the Conservation Park of Richmond Gun Club. Some people make additional donations for prizes or donate items. They ask that everyone try to make some sort of donation to help out. At the end of the shoot they hold a drawing and all shooters are eligible if still present and most do stick around. Nearly everyone wins something.

Donations do not have to be related to shooting.

There is one overall champion team that will get their shoot fees back. They then use a modified Lewis Class with the winner of each class getting back a portion of their fees depending on the number of team entered.

We can enter more than one team if we have enough shooters interested. The UVA Trap & Skeet contingent may also be entering a team. You don’t have to be good to shoot on a squad, and I have loaner shotguns in the small gauges if you need to borrow one. You get to visit another club, shoot on a different range, eat a little lunch, probably win a door prize, and just have a bit of fun.

Contact Bob King by email or phone (see the Team Six Shotgun Work Team listing on the club’s website) if you are interested in participating.
Read and follow Range Rules before discharging firearms on any range. Members must display their RRPC name tags while at the range. Events in RED will have some ranges closed to members. Send any updates or corrections by email to calendar@rrpc.org

Range Reservations - your group must first submit an application to the BOD for approval.
